**Wylie Fire Rescue to Deliver Pizza and Check Smoke Detectors**  
*Partnership with Domino's Pizza and NFPA to Promote Fire Safety*

**WHAT:** Wylie residents ordering Domino's pizza at 4 pm on October 10 may be randomly selected and surprised at the door when their pizza arrives aboard a Wylie fire truck. Upon delivery, firemen will check the smoke detectors throughout the home. If all detectors are working—the pizza is free. If the detectors are not working, firefighters will replace the batteries and leave the home with functioning alarms.

“Functioning smoke alarms save lives...but many people forget to change the batteries,” said Wylie firefighter Eric Owens. “We are excited to be working with Domino's Pizza to promote fire safety by rewarding residents who have properly installed and functioning smoke alarms with a free, delicious pizza.”

The program is a component of the National Fire Protection Association's Fire Prevention Week recognized October 6-12.
